

Parámetro técnico

Modelo	M2
Voltaje	230V/50-60Hz
Cabezal de descarga (máx.)	10 m/33 pies
Caudal (máx.)	40 l/h/10,6 GPH estadounidenses
Capacidad efectiva del tanque de agua	200ml
Salida de la unidad (máx.)	13kw/45,000btu/hora
Nivel sonoro a 1m	21dB(A)
Temperatura ambiente aplicable	0°C-50°C
Dimensiones	163 × 83 × 95 mm

WARNING

Please provide an independent power supply line to ensure continuous power supply. Or please connect to the main circuit or the power supply line of the air conditioning fan.

Please do not connect to compressor's power supply line.
